

Big Sky Ep. 102

17 EXT. LEWIS AND CLARK SHERIFF DEPARTMENT - DAY

17

SHERIFF HAROLD TUBB, late fifties, barrel-chested, climbs out of his cruiser as Jenny's Bronco pulls up. Jenny climbs out.

TUBB

As I live and breathe. Please tell me you want to come back to work.

JENNY

Full pay I might consider. Half pay, I'll stick to raising cattle.

TUBB

You can't make a living off a hundred head.

JENNY

With the meat shortage, you'd be surprised.

TUBB

We miss you, Jenny. You good?

JENNY

Having a day. My son's girlfriend and her sister went missing in Yankee Jim Canyon yesterday, vanished without a sign. Cody went looking for 'em, now he's gone missing. Hasn't been twenty-four hours but -- I got the girls' mother calling me, out of her mind. I could stand with some professional courtesy.

TUBB

Well, first off, I'd need a missing persons report filed on the girls.

JENNY

Why I'm here.

TUBB

And second. How do I put this?
