

DOAKES

What was that shit last night ? Some kind of fucking scare tactic ?

DEXTER

You said something before you passed out about my father. What was it ?

DOAKES

I don't know. What was it ? I was kind of drugged at the time.

DEXTER

Don't test me. I could have killed you. I didn't.

DOAKES

You didn't because you can't. I've had time to think about this. I don't fit that code you were talking about, do I ? At first, I thought the Butcher only went after criminals because nobody gives a damn what happens to them, but now...Now I think you got a conscience.

DEXTER

Of course I have a conscience. I left you a place to shit, didn't I ?  
It's a small conscience.

DOAKES

You're actually angry. I've never seen you angry. This is good. I might live to see the outside of this cabin after all.

DEXTER

What'd you say about Harry ? The words "whack job" were involved.

DOAKES

Is that what you're worried about ? I guess it would bother me too if it were my old man. OK. What the fuck ? You know how I've been looking into your past, right ?

DEXTER

That's why you're in a cage.

DOAKES

I found something I wasn't supposed to see. It's about your father's death.

DEXTER

Heart disease. Big mystery.

DOAKES

No, the mystery's bigger than that. And someone up high didn't want it solved.

DEXTER  
You're lying.

DOAKES  
It was buried deep, but it was there.

DEXTER  
What was there ?

DOAKES  
How about we go outside and talk about this ? I could use some air.

DEXTER  
Not gonna happen.

DOAKES  
Yeah ? Well, then the mystery remains.

DEXTER  
I'm sure special ops taught you to rattle your captor, but I should warn you. You can't play on my feelings. I don't have any.

DOAKES  
Oh, really ? Who's lying now ?
