

NORM

So, that's the job. Pretty simple. No one gets in without an ID.

EMMA

Mm-hmm.

NORM

Keep your eye out for vagrants. They're gonna want to use the bathrooms, can't let them. You'd think it'd be easy to tell the difference between a homeless guy and an art student. It's not. Which reminds me, if you see a guy, kind of a raggedy fella with a broom around his neck, a little broom, just wave him on through. He's one of our deans. So, any questions?

EMMA

I read that after 120 days, I'm eligible for health insurance?

NORM

Oh, that sounds great!

EMMA

Uh-huh.

NORM

Yeah. Anything else?

EMMA

Yeah. Seems like there's a lot of downtime. Can I use the computer?

NORM

Oh, yes. Knock yourself out.

EMMA

Cool.

NORM

No hardcore porno. We had to make a "no hardcore porno" rule, because the last guy fried the computer. I'm not allowed to tell you his name. We call it the Dave Rogers rule.

EMMA

Got it. No hardcore porno.

NORM

So, uh, what are you working on?

EMMA

I'm sort of starting an eBay page.

NORM

Ah! Doing the eBay thing, huh? Ha, ha. - Selling those Beanie Babies, huh?

EMMA

Not exactly.

NORM

Ah, people love those Beanie Babies. You know, I read that one sold for half a mil. Can you believe that? Man, if I got a half a million dollars in my pocket, I'd buy myself one of those big-ass jet planes.

EMMA

I think they cost more than that.

NORM

Ah! Another dream dead. So, if I wanna buy something from you - where do I go? –

EMMA

Hmm? On, uh on eBay?

NORM

What name do I search for?

EMMA

Yeah, I'm working on that.
