Ted scratches his neck, marks are visible.

Doctor: How'd that happen?

Ted: BBQ accident

Doctor: Maybe try take-out. (studies his face) It's Ted, right?

Ted: How'd you know?

Doctor: You've been here before.

Ted clearly doesn't remember.

Doctor: Let's take a look at those injuries.

Ted: I can't remember, were you the doctor who treated me last time?

Doctor: It wasn't me, but let me see if I can pull up your chart.
(picks up an e-tablet and reacts like he's discovered bad news)
Actually, I think the doctor who treated you last time is on duty.
Why don't I go find him while you wait here and mingle.

Ted: Everything ok?

Doctor: Oh, yeah. Fine. Be right back.
