GLORIA  
Jack I have cared for you since I was twelve years old, that will never change.

Jack walks over and sits next to Gloria and puts his arm around her.

JACK  
Do you remember what you used to call me?

GLORIA  
What do you mean?

JACK  
You know how I would call you sugar, do you remember what you called me?

GLORIA  
Sorry, can't say I do.

Gloria looks up at Jack for a moment and kisses Jack on the cheek. Suddenly the door opens and the light turns on.

NURSE  
What is going on here!

JACK  
I am making some moves. I don't mind if you stay, just turn the light off.

NURSE  
You are going to have to leave right now. Don't make me call security.

Gloria giggles a bit.

GLORIA  
I am fine Jack, go ahead. I am going to try and get some rest.

Jack goes to leave, and Gloria grabs his arm.

GLORIA (CONT'D)  
Jack, you saved my life. I don't know how to thank you.

Jack gives Gloria a big hug.

JACK  
I am sure I can find a way. Get some rest.

NURSE  
Sir we have rules, and you are breaking them. You must leave now.

Jack releases Gloria and stands up straight. Then clicks his heels and salutes the NURSE.
