

MONTAGE - SAMI'S LIE SPREADS

FYI

As Sami and El walk to the buffet, we see people checking them out, and looking at El's sneakers.

As El and Sami pass each cluster of people, we hear snippets of conversations that are borne out of people's reactions to his shoes, and Sami's "creative truth telling".

The timing works out in such a way that El never really hears what people are saying.

Sami and El pass some HIGH UP EXEC TYPES, and then land at the buffet.

START

EXEC 1 Okay, so a designer this hot, with shoes like THAT...Does King know about him?

EXEC 2 I mean, he's gotta, right? I mean, how else did he get in? Magic?
